

# The Air Arms S200 Magazine System

The new Air Arms S200 magazine system is a retro fit magazine kit that turns your S200 single shot into a multi-shot rifle with a removable 10 shot mag.

Very simple to attach to any S200 and simple to use includes full instructions and fitting tools.

The S200 has always been known for its value for money and quality, but now with the addition of this piece of kit, it enters the world of multi-shot capability.

Remove the trough

Drop into place

Away you go.

Load the Mag.
