

The 'New Generation' of rifle from Air Arms. The 'go anywhere', multi shot sporter suitable for both left and right handed shooters (ambidextrous). Incorporates all the main features of the world beating 400 Series and made to our usual high standard.

For precision shooting with portability we feel it has no equal.

Compact, Built in a modular format which takes down into separate pieces (without tools), for ease of transportation.

Convenient, Comes complete with its own carrying case made from a high grade waterproof fabric. Open it up to reveal made to measure fitted compartments for the individual parts. In addition to the central carrying handle the case is fitted with a pair of padded shoulder straps.

Accuracy, Due to Air Arms philosophy of continuing improvement we have produced a rifle that gives a formidable combination of accuracy and consistency
